Claims EDI R3.1 Topics

- SROI-AC (Acquisition/Indemnity Ceased)
 - Should only be filed if indemnity ceased prior to acquisition
 - No changes to §300.23
 - NY will be returning DN0410 Acquisition Status Code on the acknowledgement file from AQ and AU submissions
 - Claim Administrator must notify the Board that payments are not being made within 16 days of receiving “B = SROI Due” in DN0410 Acquisition Status Code on the returned acknowledgement from an AQ or AU, pursuant to §300.23, by filing a SROI-AC or filing a SROI-AP indicating that payments are continuing
 - Sequencing for SROI-AC:
 - Allowed if last accepted FROI is AQ/AU
 - Allowed if last accepted SROI is 04/UR

Claims EDI R3.1 Topics

- SROI-SU (Sync-Up)
 - To be filed when the Claim Administrator has identified missed/delayed transactions, or other data issues, and has a need to send the most current value for SROI data elements to replace any missed/delayed information
 - Filed only when permission granted by jurisdiction
 - Sender must e-mail eClaims@wcb.ny.gov for approval
 - Cannot be used when another SROI MTC can be filed in place of the SU
 - For example, if a SROI-EP was filed instead of the SROI-IP, the SROI-IP is allowed per sequencing, and should be filed
 - SROI-SU will only be accepted upon request and with the approval of eClaims@wcb.ny.gov.
 - If the request is not approved, an incoming SROI-SU will be rejected.

Claims EDI R3.1 Topics

- SROI-SU (Sync-Up)
 - Aside from FROI-02, if any other new MTCs are filed against that claim before a Sync Up transaction is successfully filed, the transaction will be rejected.
 - If a SROI-SU transaction is filed against that claim after the Sync Up Submission Time Window has elapsed, the transaction will be rejected.
 - At any point during the SROI-SU submission time window, the Sync Approval can be rescinded by request. Additionally, an extension to the time window can be requested.

Claims EDI R3.1 Topics

- Cancel Reason Codes
 - DN0400 Cancel Reason Code
 - Mandatory on FROI-01 only
 - DN0401 Jurisdiction Claim Number – Related
 - Mandatory Condition on FROI-01 only
 - Condition: Required when DN0400 Cancel Reason Code is equal to “D” Duplicate/Combined Claim. The surviving claim number should be submitted in this field.
 - DN0402 Cancel Reason Narrative
 - This data element is optional on a FROI-01. This field can be used to further describe the reason for the cancellation.

Claims EDI R3.1 Topics

- Cancel Reason Codes
 - Valid Values:
 - Added D (Duplicate/Combined Claim) – Claim determined to be the same as another claim already on file with the jurisdiction
 - Added J (Jurisdiction Wrong/Changed) – Jurisdiction for this claim has changed or was initially incorrect (e.g., Long Shore/Harbor Workers, Federal Claim, or another state)
 - DN0401 Jurisdiction Claim Number – Related is also a SROI data element
 - Required when DN0202 Reduced Benefit Amount Code = S (Claim Settled Under another Date of Injury) on SROI-PY/AC/UR(G)
