

Statement explaining why a revised Regulatory Flexibility Analysis for Small Business and Local Governments is not required

A revised Regulatory Flexibility Analysis for Small Business and Local Governments is not required because the changes made to the last published rule do not necessitate revision to the previously published document. The changes to the text are not substantial, do not change the meaning of any provision and therefore do not change any statements in the document. Specifically, the words “oral or written” were added and words reorganized to clarify that the stipulations may be either written or oral.
